** Listed physical features portray the prototypical recruit for each division level. An athlete's athleticism and explosiveness on film is the determining factor for most coaches, so size and athleticism are on a sliding scale. This means the smaller you are on the scale, the more explosive you must be.

** Our track & cross guidelines are based on what is REALISTIC for kids to compete at a given division level. They MUST be on this chart by the end of their junior season of cross or track in at least one event. If you are talking to a freshman or sophomore, they need to be within 10% of the lowest standards to enroll them. If they are a junior or senior they MUST meet the minimum standard in at least one event.
